

Custard Desert Pizza

- Pizza dough
- 3 Tablespoons of thick custard
- Freshly sliced strawberries (or fruit of choice)
- Bananas sliced (or fruit of choice)
- Choc or white choc drops

Roll out dough (refer to Pizza dough recipe)

Turn up edges of dough to make a small wall.

Spread on thick custard. (Don't add extra custard as it may seep over the edge and become hard to place in oven).

Place choice of sliced fruit over the custard and sprinkle on choc drops.

Cook in oven (250° 280°C) for 3 – 4 minutes then remove and let it stand for a couple of minutes to allow custard to set.

Slice and serve with ice cream or cream.
